## PREFACE

"What's past is prologue."

This book is a labor of love to inform descendants of Philippe Cardon and Marthe Marie Tourn of their place in the family tree, and to let them know who their relatives are. (On all the records Philippe's wife is shown as Marthe Marie Tourn because Vaudois women are always known by their maiden names whether they are married or not.)

This book is also done in the hope that it will encourage you to keep your own family records up to date. There is the hope too that this will be a basis for further seeking so the families in each branch can fill in the remainder of the information where there are blanks in this record.

The compilers have made every effort to be accurate, but they realize errors are inevitable. Where no specific reference is given for material in the book, the information was supplied by family members. Some errors are ours, some the errors of people who gave the information. Please inform us of errors you see or of additional information you have. Be sure to include the exact source of your added information.

We are deeply grateful to all family members who contributed information to make this book possible, and to all who helped in other ways. It would be nice to list you all, but how awful if we left a name out. So we just repeat again: THANK YOU TO ALL WHO HELPED.
